

## Structure of the Curriculum in S6

In S6 pupils may study courses from National 3 to Advanced Higher. (Subject to gaining the necessary entry requirements.)

Pupils in S6 generally have up to six periods free for Voluntary Activities which can lead to Saltire Awards. Every pupil will receive one period per week of Personal and Social Education and one period per week of Health and Wellbeing.

Advanced Higher courses are taught for up to 6 periods per week. Pupils studying an Advanced Higher course may opt for 2 additional periods per week to help study that course. Pupils choosing the Advanced Higher Art & Design course may opt for up to 6 periods per week to prepare an art portfolio. All Higher courses are taught 6 periods per week as is National 5 Mathematics. The college course option also takes up 6 periods in S6. All other National and NPA courses are taught for four periods per week.

## Making Good Choices – Advice for Pupils

Making good choices as to which courses to follow and what level of qualification to aim for can be a stressful time for both pupils, parents and carers. However, by following some basic principles the process can be made much more straightforward for all concerned.

1. Give some thought about what you want to be doing in one, two, five and ten years' time. You don't necessarily need to be specific but at least narrow down your choices to a general area or two.
2. Research what qualifications you need and at what level to follow these ambitions. For colleges and universities, look at their official websites and/or give them a phone call. The people who work in admissions are there to answer questions about how to get onto courses.
3. Look at the 'My World of Work' website: <http://www.myworldofwork.co.uk> for careers advice and/or make an appointment to see one of the SDS advisors based in school.
4. If you are considering a university course in the future, you should also look at <https://www.ucas.com/> which is the starting point for finding out about university courses.
5. Look at job adverts for the kinds of jobs or careers you want to get into and note the types and levels of qualifications the employers are expecting.
6. Choose subjects that you enjoy.
7. Choose subjects that you are already doing well in (these are likely to be the ones you enjoy most).
8. *Do not* choose a subject just because you like the teacher. There is no guarantee that you will get the same teacher next year.
9. *Do not* choose a subject just because your friend is choosing it too. There is no guarantee you will be in the same class and you are there to work not to socialise.

Whatever combination of courses you decide to opt for please be aware that you are committing yourself to attending all your lessons every week, to complete all the work required for your courses, to prepare properly for assessments and to behave in accordance with school rules. **Once you have started in a subject you are expected to remain in that subject for the whole year.**

Information about the SQA courses on offer to pupils in S6 are available from the SQA website. The web addresses for each course are shown in Appendix 1, along with any school-specific information.

## Course Choice Information for pupils in S5 who will be in S6 in Session 2018 – 2019

Please note that where there is a cost shown against the course, pupils who have requested a free school meal or who live in SIMD 1 – 3 do not pay.

Pupils, parents and carers should find out as much information as possible about the courses, along with requirements for jobs, college and university courses before choosing courses.

For pupils looking to attend college after Queen Anne, links to nearby colleges are given below:

Fife College	<a href="http://www.fife.ac.uk">http://www.fife.ac.uk</a>
SRUC Elmwood Campus	<a href="http://www.sruc.ac.uk">http://www.sruc.ac.uk</a>
Edinburgh College	<a href="http://www.edinburghcollege.ac.uk">http://www.edinburghcollege.ac.uk</a>

For those pupils who are aiming for university after Queen Anne it is worthwhile looking at the statements that universities have made about qualifications and admissions in light of the changes brought about by the introduction of the Curriculum for Excellence. You will find links to these statements on this page: <http://www.sqa.org.uk/sqa/65733.html>

## The Course Choice Process

### Late November to early December 2017

- Guidance Teachers go over the course choice process, focussing on good reasons for choosing courses.
- Pupils indicate their likely choices during a trial run in PSE. This information is used to plan the course choice form for January.
- Guidance Teachers check the trial run choices and discuss any issues with pupils and parents/carers prior to the main choices being made.

### January 2018

- Pupils are informed at assemblies about the main choice process.
- Parents/Carers are informed at the Parents/Carers' Information Evening on **January 10<sup>th</sup>** about the main choice process.
- Pupils, parents/carers make the choices for Session 2018 – 2019. (**Deadline for returning the form is Friday 26<sup>th</sup> January.**)

### January to Early March

- The choices are processed.
- Guidance Teachers will be in contact with pupils, parents/carers where there are issues with the choices.

### Early March to May

- The timetable is constructed.
- Guidance Teachers will be in contact with pupils, parents/carers where there are issues with the choices.

### Wednesday June 6<sup>th</sup>

- Timetables issued to pupils.
- New timetable begins.
